

Obituary

We are deeply shocked and it is very hard to say goodbye to our highly esteemed CEO who was well liked everywhere

Mr. Dipl.-Ing. Werner Meyer

*** 27.05.1942 + 21.02.2011**

who passed away – shocking for all of us - after short but severe illness at an age of 68 years.

Werner Meyer has led, developed and enlarged the company which was established by his father to its today's reputation.

His whole life was affected by continuous and sustained efforts for the corporation.

Werner Meyer's way of working included a high extent of cooperation willingness and a major social responsibility.

We will miss his leadership abilities, his humanity and knowledge as well.

We have lost an excellent and kind human being whom we have to thank very much. His efforts will always be in our mind. We will always remember him.

Our sympathy and deep condolences are with all dolorous family members – his wife Marga, son and company follower Thomas, daughter Birgit, daughter Susanne with families.

Plant Management and Staff

Maschinenfabrik Herbert Meyer GmbH • Herbert-Meyer-Straße 1 • 92444 Roetz, Germany
